## **GFLOOR Decking uses an efficient hidden clip installation system that ensures:**

- Clean, screw-free surface
- Uniform spacing
- Faster installation
- Strong and stable fixing

## **Maintenance Guide:**

- Clean regularly with water and mild detergent
- Avoid harsh, abrasive chemicals
- Remove debris to maintain surface appearance
- Occasional wash keeps decking looking new

## **Warranty & Performance:**

GFLOOR WPC Decking is designed for long-term durability and backed by quality assurance standards to ensure reliable performance in outdoor environments.

# WHY CHOOSE **G**FLOOR WPC?

## ■ **Natural Wood Appearance:**

Authentic wood textures and warm tones to enhance any outdoor space.

## ■ **Weather Resistant:**

Built to withstand sun, rain, and humidity without warping or cracking.

## ■ **Termite & Rot Proof:**

No risk of insect damage or decay like natural wood.

## ■ **Low Maintenance:**

No sanding, sealing, or painting required—just simple cleaning.

## ■ **Anti-Slip Surface:**

Safe for wet areas such as pool decks and balconies.

## ■ **Fade Resistant:**

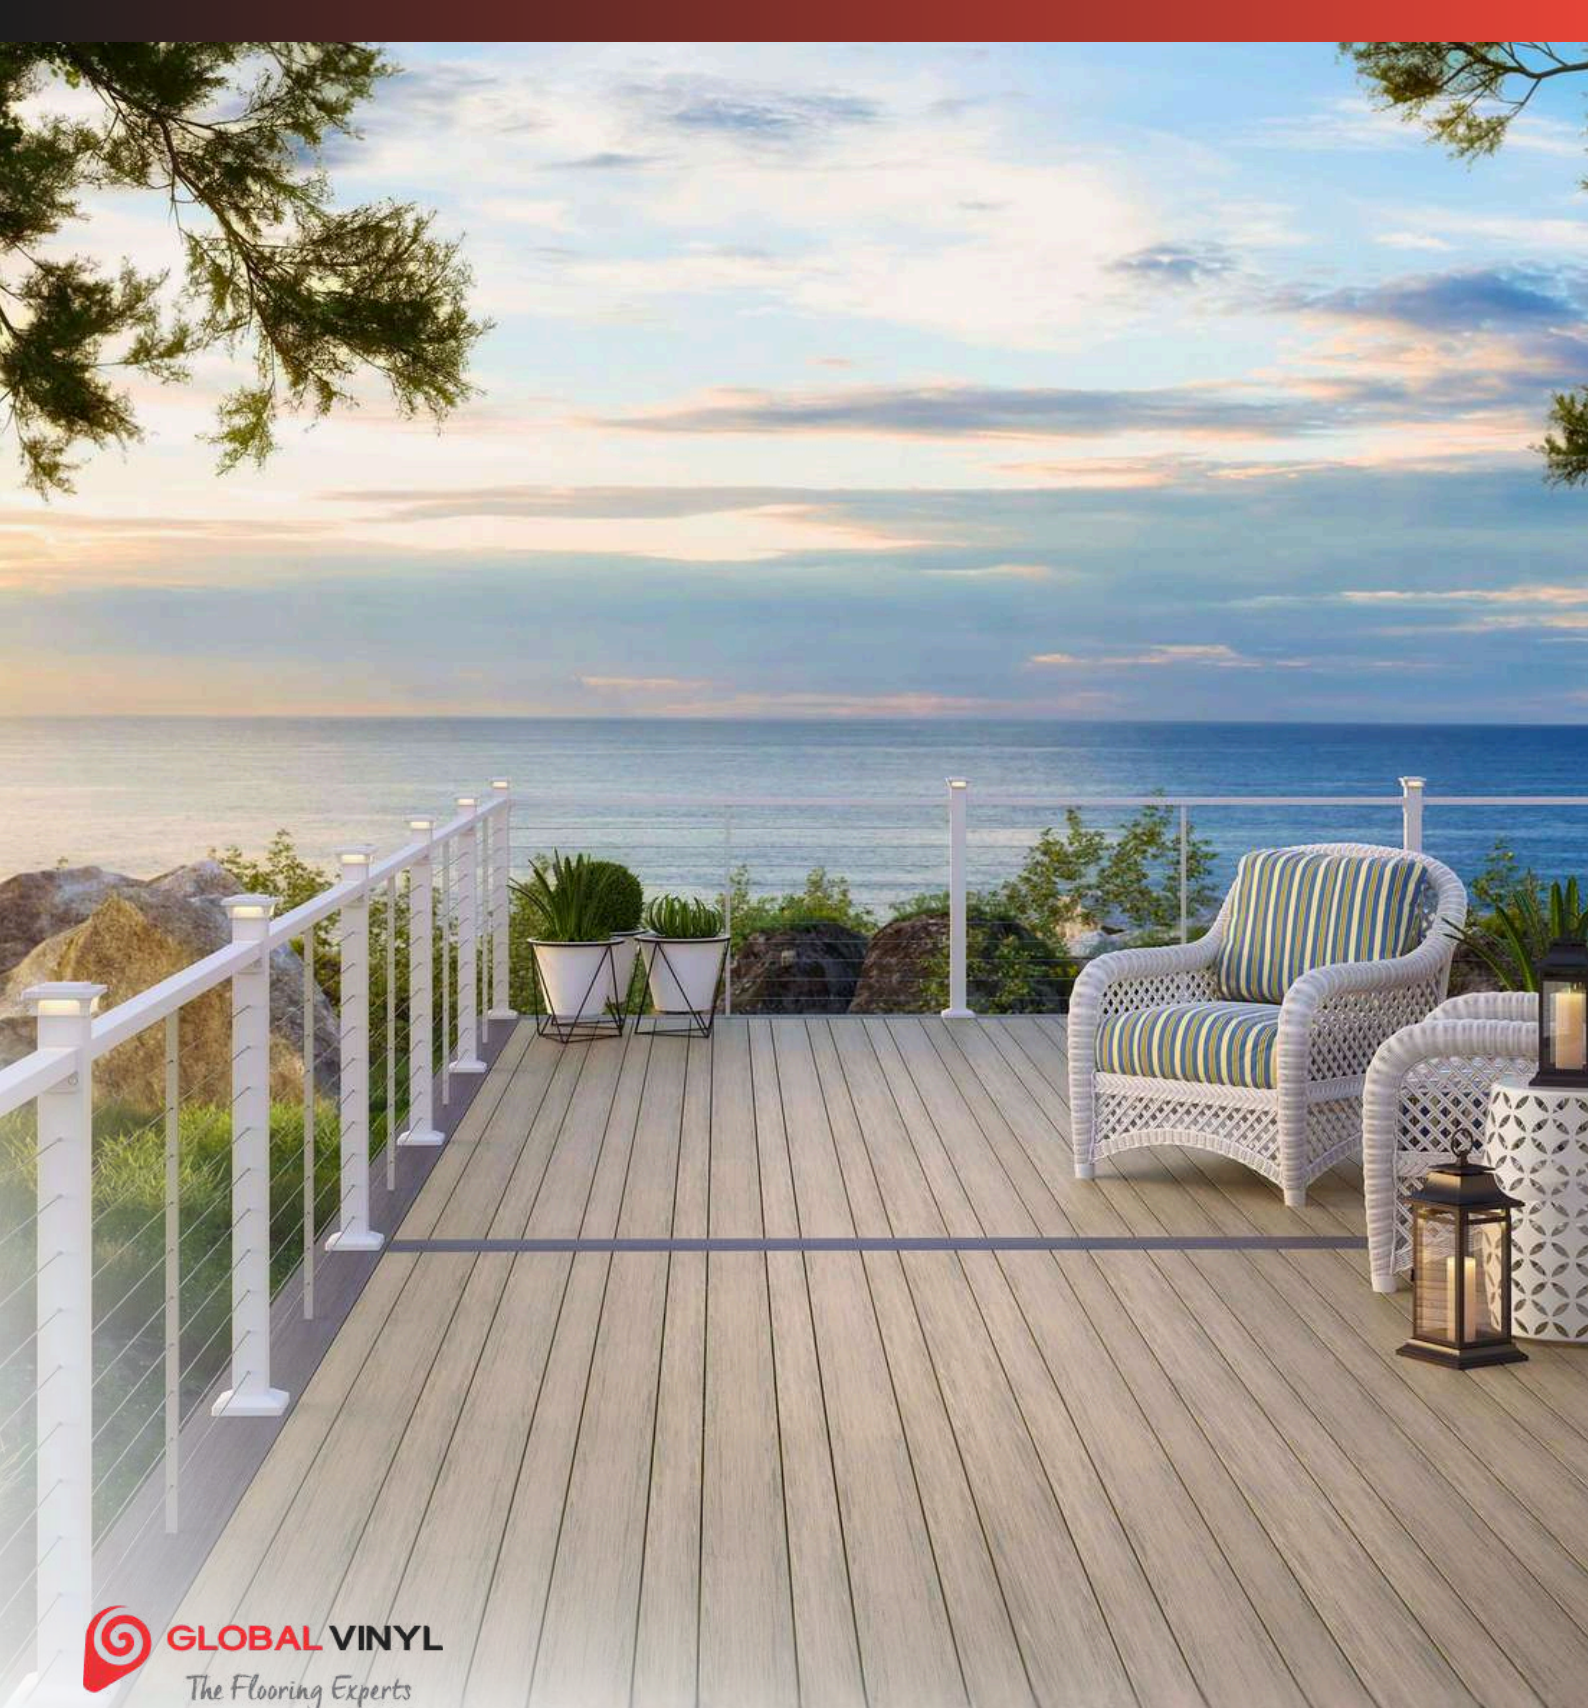

UV-stabilised surface maintains colour over time.

## ■ **Eco-Friendly:**

Made from recycled wood and plastic materials.

## ■ **The GFLOOR Advantage:**

- Trusted flooring brand
- Proven performance in local conditions
- Professional support & installation guidance
- Ideal for both residential and commercial use
